

PowerG

4X RANGE

2-WAY COMMUNICATION

- PowerG wireless signaling technology allows long range communication without the need to run expensive wires or cables
- More than 4x the range vs legacy wireless security
 - Industry best encryption protects wireless signals against cyber threats
 - Automatic signal adjustment extend battery life when devices are closer to the panel
 - 2-Way communication provides remote access to reduce truck rolls and improving performance
 - Proven line of security and life safety devices trusted across the globe

4X PARTITIONS

Create access to up to 4 partitions, separating out important parts of your business.

- Authorize user codes to employees and grant them access to all or certain partitions
- Arm, disarm, and automate different partitions
- Assign 7-inch secondary touchscreens to convenience locations

Access control powered by Alarm.com seamlessly integrates into your commercial platform

- Card based access
- Remotely lock or unlock doors
- Customize employee access by date, time, and location
- Access Control Includes:
 - Z-Wave Locks
 - Card Readers
 - Partitions

SMART ACCESS CONTROL CARD-BASED ACCESS FOR EACH EMPLOYEE

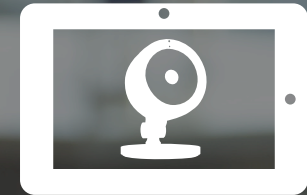

The IQ Panel has a 5MP panel camera built-in to every panel.

- Capture disarm photos and alarm videos
- Receive photos of employees directly as a text message with picture, date, time, and location

SEE WHEN EMPLOYEES ARRIVE TO WORK

WATCH OVER YOUR BUSINESS

Live View completely changes the user experience in the business.

- Stream live video cameras on the HD screen
- Add up to 40 indoor and outdoor Alarm.com cameras
- Easily select the desired video feed with a single touch, on the IQ Panel, providing real-time visibility

Show off your daily specials

- Advertise a big sale
- Display details about your upcoming event
- Put your company logo, branding, and mission statement for everyone to see

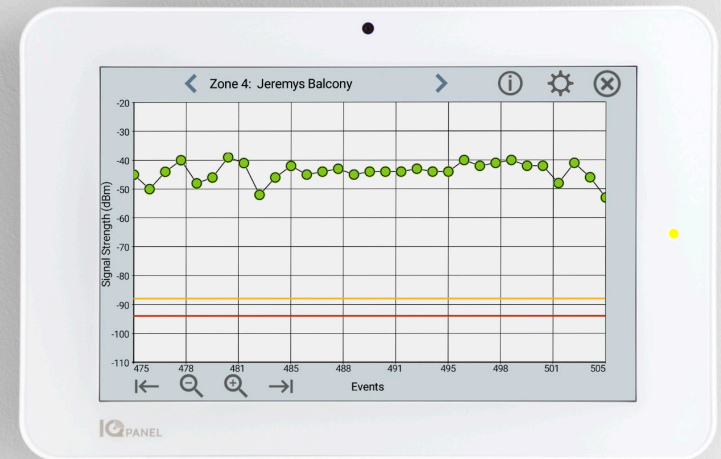

**BILLBOARD IN
EVERY ROOM**

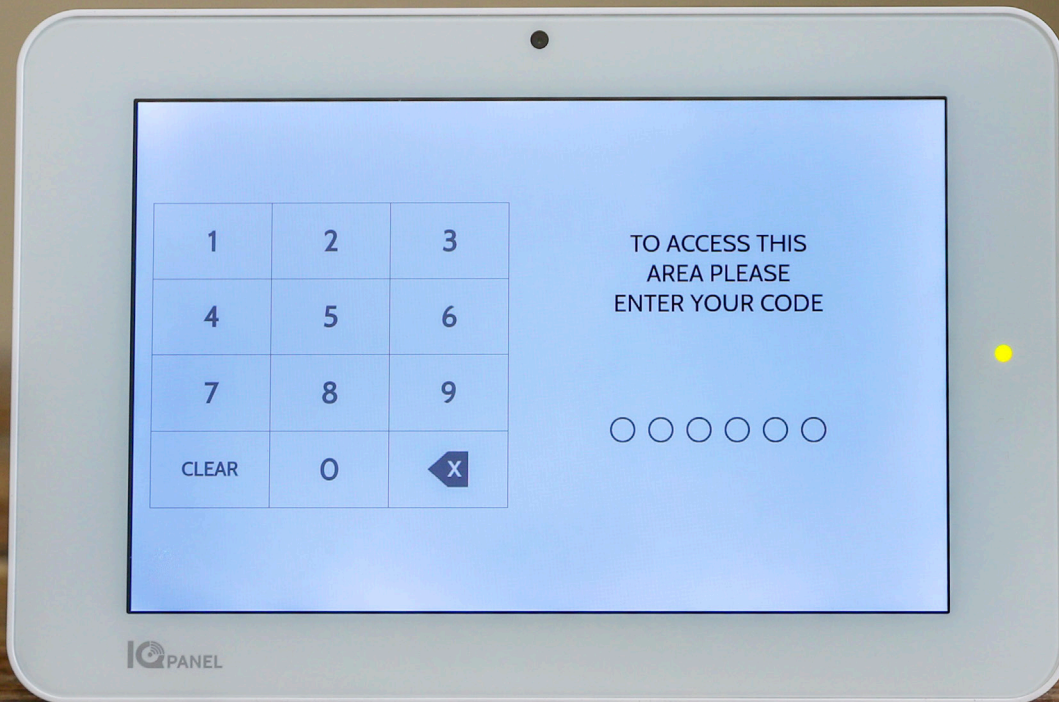

With Z-Wave and Sensor Diagnostics, make sure you get the installation right before you leave!

- See visual feedback of signal strength
- Measure the wireless “noise” in the business
- Show the sensor signal strength to the panel
- Reduce unnecessary repeater use

RETIRE THE TRUCK

LIMIT ACCESS TO THE PANEL

- Enable screen lock to the IQ Panel, keeping prying eyes out of your system.
- Limits access and control of the panel
 - Choose between 4 or 6 digit user codes
