EZStation_1130-3.0.5(Win32)	NA	2018-6-29	Initial release

2 Feature Change Description

2.1 New Feature

None.

3 Version Upgrade Guide

3.1 Upgrade Overview

3.1.1 Version File Components

Table 2 Version File Components

Software Package	Contents	Function
EZStation_Win32-B1130.3.9.1	EZStation	Video management software

3.1.2 Version Upgrade Environment

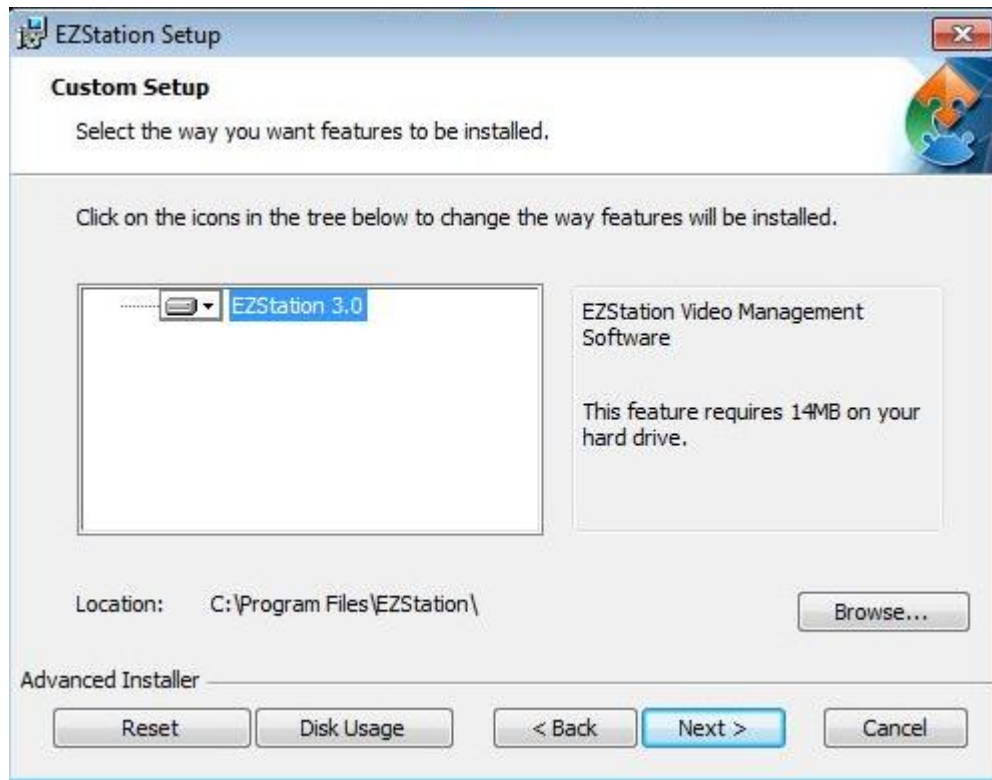

Local operations, no network environment is required.

3.1.3 Version Upgrade

Double-click the software package to start installation. Remote installation is not supported.

3.1.4 Initial Installation

- (1) Double-click the EZStation_Win32-B1130.3.9.1 package to unzip the files;
- (2) Double-click EZStation_Win32-B1130.3.9.1(IN).exe;
- (3) Click **Continue** and **Install**.

- (4) When installation is completed, shortcut(s) of the installed component(s) appear in Launchpad and Finder. Click a shortcut to start the program.

3.1.5 Upgrade

- (1) In the same operating system, double-click EZStation_Win32-B1130.3.9.1(IN).exe to start installation.
- (2) The installation program automatically checks the version. If a lower version is detected, the installation program will overwrite it. The installation process is the same as the initial installation.

4 Known Issues and Corresponding Measures

Issues: Due to resource constraints on the 32-bit system, the software may crash when memory usage of the system is high.

Measures: For the 32-bit system, no measure is available for this issue. However, users are recommended to use the 64-bit software so more system resources can be utilized.
